

End of the Year Survey

Routt County Extension
October 2020

Who responded

58 responses

Mostly parents (48%), some volunteers (21%), a few members (14%) and leaders (11%)

Average of 5.8 years in 4-H

Clubs

Program Delivery

Not interested Somewhat interested Very interested

Project topics

Exhibit Day

24 responses

50:50 split on the event being okay versus great

Open-ended comments: don't get rid of Fashion Revue, detailed scheduling was helpful, need better pictures, want a way to be able to see other kids projects, more clarity on expectations for all projects and judging process

Fair

40 responses

40% said great, 59% said okay, 1% poor

Open-ended comments: bring it back how it was, in-person livestock auction, liked the schedule and especially the one day shows, one animal in the barn at a time, everything was calmer, enforce the rules the same for everyone with regards to attendance, don't start fair so early, continue an online option for the sale, liked the large show ring, clarification with declarations, steer show was safer, would like to see a dance again, better pictures, producer award for all species, tagging shouldn't happen on the same day as show, animals should be able to spend at least one night in barn prior to showing, all animals should be part of the carcass contest, showmanship should be required to complete

Moving forward

“I would like to see the 4H community pursue a covered outdoor arena to make more room for livestock. Having only one animal in the barn at a time was extremely nice!”

Awards, credit cards, and the office

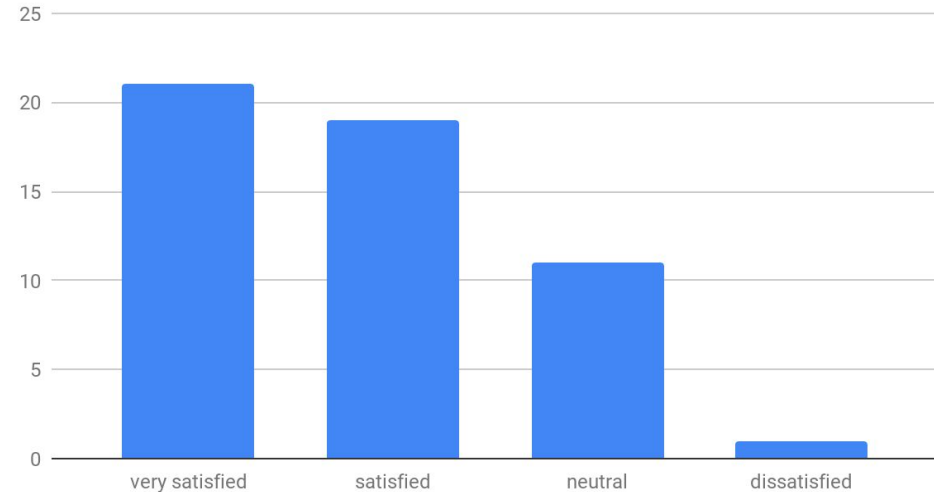

62% in favor of a monetary premium for those who receive multiple awards

92% would like the option to pay fees with a credit card online

Friday is the most popular day to visit the office, Monday the least

Afternoons are more popular than the morning.

Level of satisfaction with office

General comments about the Extension office

- Open ended:
 - Better management of COVID requirements and execution of our 4-H programs (Exhibit Day, Fair)
 - Need more in-person programming
 - Improved response to questions about projects and membership
 - Clearer and more timely emails
 - Better coordination/communication between superintendents and office staff
 - Improved efforts to work in all parts of the county
 - More focus on production agriculture
 - Better guidance for new members
 - Improved facilities
